

## Television Time 2.7

Keep up with your favorite shows and discover new ones

### Overview

First launched in 2015, Television Time is a modern TV tracking app designed to help viewers stay on top of their favorite shows and episodes. With a clean, thoughtfully crafted interface, the app makes it easy to discover episode details, track upcoming air dates, and manage a watchlist across devices.

### Features:

- Clean, intuitive design for quickly navigating shows, seasons, and episodes
- Notifications before new episodes air
- Home Screen widgets for instant access to your watchlist and upcoming episodes
- Sync support with Trakt.tv and iCloud to keep data in sync across devices
- View cast and crew information
- Export episodes to your Calendar
- Localized in 9 languages: English, French, Italian, Dutch, Russian, Ukrainian, German, Chinese (Simplified), and Spanish.

### Platforms:

- iOS 17 and later
- macOS 14 and later (via Mac App Store)
